

Administrative Report 08/11/2023

Good morning,

I believe everything is uploaded and taken care of for DOLA with our current Board of Directors. The 2022 Audit is finished. If you didn't get the new audit please let me know. I have a copy for each board member.

I applied for a scholarship for Steven and myself for the SDA Conference in September but I haven't heard anything back from that yet.

I did the notary training so the District has a notary again.

I talked to Kevin Small from Sedgwick (they handle claims on behalf of the Colorado Special District Property and Liability Pool) about the Mueller property. We have a no fault policy. The max we will have to pay for the damage at the Mueller's is \$10,000. Anything over that amount is at the home owner's expense. Mr. Small called and talked to Mr. Mueller about having an adjuster come to the property to give an estimate of the cost to fix the damages to the property.
